WORK EXPERIENCE

Exelon Circuits Private Limited

Front End Developer   Jan 2024 - Present
- Developed and maintained e-commerce websites, real estate platforms, portfolios, and admin panels using HTML, CSS, JavaScript, Nuxt.js, and Vue.js.
- Implemented seamless API integrations and utilized Postman for efficient testing and debugging.
- Designed and delivered fully responsive, cross-browser-compatible web applications to ensure optimal user experience.
- Collaborated with teams to meet project requirements, deadlines, and high-quality standards.

EDUCATION

Mahatma Gandhi Memorial College Udupi

Bachelor's of Computer Applications - 8.62   Aug 2020 - July 2023

Mahatma Gandhi Memorial Pu College Udupi

Pre-University College - 83%   June 2018 - Aug 2020

PROJECTS

Online Vehicle Servicing App
- Utilizing Flutter Flow for front-end development and Firebase for the back end, I spearheaded the creation of a comprehensive Vehicle Servicing App.
- This application streamlines the process of managing vehicle servicing appointments, providing users with a seamless and efficient experience

Chat On Chatting App
- Chat On is a single-user chatting app developed using React Native. This app is designed to showcase the front-end capabilities of React Native, without a backend implementation

Rock Paper Scissor Game
- Developed a Rock, Paper, Scissors game using HTML, CSS, and JavaScript. The game provides a fun and interactive experience, allowing users to make choices and compete against the computer.
- This project underscores proficiency in web development and game design fundamentals

SKILLS

- **Technical Skills**: Vue.js (Vue 3), Nuxt.js (Nuxt 3), HTML5 and CSS3, JavaScript, Python, Next.js, React.js.
- **Tools**: Firebase, Figma, Flutterflow, Microsoft Office.
- **Soft Skills**: Leadership and Teamwork, Time Management

FREELANCING

Karate Association Website
- Independently developed a responsive and feature-rich website for a **Karate association**, showcasing project management, front-end development, and database integration skills.
- Designed an intuitive admin panel for seamless management, using Supabase as the backend for authentication and user data. Integrated Resend for contact forms and responses, along with domain management.
